YEAR:

2026

The 2026 Adria Matrix represents the next generation of crossover motorhomes, designed to deliver a perfect balance of style, comfort, and versatility. Built on your choice of base vehicle, Matrix features smart automotive-inspired styling and all-year-round performance, making it one of the most adaptable motorhomes on the road today. Inside, the spacious loft-style interior with its sweeping panoramic window creates a bright, open atmosphere that feels both contemporary and homely. Premium materials and elegant furniture design add to the sense of refinement, while the flexible layout ensures there's space for everyone to relax and unwind. Practicality comes built in, with organised storage solutions throughout and the convenience of an electrically managed elevating bed, providing additional sleeping capacity without compromising on living space. Meanwhile, Alde heating with adjustable temperature control keeps the interior perfectly comfortable in every...
