YEAR:

2026

The 2026 Adria Supersonic sets a new standard for luxury motorhoming, bringing together sophisticated design, advanced engineering, and refined comfort. Built exclusively on the Mercedes-Benz base vehicle, Supersonic combines precision performance with sleek, automotive-inspired styling and a bold silver metallic exterior. With its exclusive front grille, HELLA daytime running lights, Bi-LED headlamps, dynamic rear diffuser design, and wide-angle heated mirrors, every detail speaks of elegance and purpose. Step inside and you'll find a seamless, single-level double floor that integrates insulation, utilities, and storage for year-round performance. The 650mm wide habitation door with hidden hinges, two-way lock, and privacy window leads into a beautifully crafted living space inspired by modern home and yacht design. Choose between an L-shaped lounge or face-to-face dinette, both offering a contemporary open-plan layout with premium fabrics, ambient and LED lighting, and a low...
