YEAR:

2027

The 2027 Adria Supertwin 700 SGX Pop Top is the ultimate expression of Adria's adventure-focused campervan range. Combining the capability of a Mercedes-Benz Sprinter 4x4 with an exceptionally clever interior and the added versatility of an integrated pop-top roof, it is designed for those who want to travel further and explore places that other campervans might struggle to reach. At almost seven metres long, the 700 SGX gives you considerably more interior space than the 600 SPB, while still retaining the confident driving experience that makes the Supertwin so appealing. The 190bhp Mercedes-Benz diesel engine, 9G-Tronic automatic gearbox and 4x4 drivetrain provide effortless performance and assured traction, whether you're cruising across Europe or heading away from the tarmac. Inside, the Supertwin has a wonderfully premium feel. The sophisticated interior combines beautifully finished materials with practical, hard-wearing details, creating a space that feels...

BHP	190
